Entertainer's Delight. This 3 bedroom 2.5 bath 1,955 square feet was built in 1989. It is being sold by its original owners. It is located in an established neighborhood in southwest Escondido. There is no HOA nor Mello Roos. The layout of the home is conducive to those that love to entertain. Its large updated kitchen opens to both a family room and living/dining room. The kitchen was completely redone in 2010 and is outfitted with slab granite counters, newer custom cabinets, stainless steel appliances, a bay window and an eat-in area. Thanks to tons of windows and vaulted ceilings, this home has a great open feel to it. The three bedrooms are located upstairs. The master suite is of good size and features an en suite bathroom and walk in closet. The secondary bedrooms are also plenty large and feature ample storage. There is a laundry room adjacent to the 3 car garage. The private backyard is a great spot for relaxing and enjoying our great weather. There is a covered patio, an above ground spa, an artist's studio and a terraced area that provides a great spot to relax and entertain. There is an area on the side yard that could be used for boat or small RV parking.
